Re: Prof. A. Potjkhin. about article

26 03 2003

Dear Prof. Potjkhin,

we now received report on your paper

Man.Nr. kf16/2002

ON THE ELECTRODYNAMICS OF BODIES, MOVING IN THE INERTIAL FRAME OF  
REFERENCE

pp. 8(rec Oct 23, 2002).

On the basis of this report we cannot publish it in Annalen der Physik.

Sincerely yours

Klaus Fredenhagen  
II. Institut für Theoretische Physik  
Universität Hamburg

Report on

ON THE ELECTRODYNAMICS OF BODIES,  
MOVING IN THE INERTIAL FRAME OF REFERENCE  
by A.F. Potjkhin

The present paper aims at showing that electrodynamics is consistent with Newtonian mechanics. Unfortunately, the reasoning is not understandable, and the conclusions remain obscure. I therefore cannot recommend publication in Annalen der Physik.

On your answer 27 March 2003

About my manuscripts Nr. kf16/2002

Dear Editors, Prof. Ulrich Eckern, Prof. K. Fredenhagen,  
That's a pity that your journal had lost the high level of proficiency!

A. F. Potjkhin will publish this manuscript, your answer and report of this manuscript at the nearest time in his COLLECTION OF PAPERS.

Sincerely yours, Prof.

A. Potjkhin
